Radiant Floor Heating Systems

Premium radiant heating and potable water products, designed to provide comfortable and cost-efficient living.

Radiant PEX Tubing

- NSF certified for radiant heating
- CSA 137.5 Certified
- Warnock Hersey Canada Certified
- Pressure ratings:
 - 79psi@200°F
 - 100psi@180°F
 - 160psi@73°F
- Rated by PPI

*** Comes with a 25 year manufacturer warranty**

Size	Lengths Available
3/8"	500ft , 1000ft
1/2"	300ft , 500ft , 600ft , 1000ft (With PEX Cutter Optional)
5/8"	500ft , 1000ft
3/4"	300ft , 500ft
1"	100ft , 150ft , 300ft

Radiant Manifolds

- Made of premium quality stainless steel
- Auto air vents on both supply and return side
- 1 pc manifold balance section with flow meters
- 1 pc manifold isolation section with valves
- 2 pcs stem thermometer on each manifold isolation ball valve

*Available from 2 loops to 12 loops available. 1/2" compression manifold adaptors are included. Variety sizes of compression manifold adaptors are available

- Solid high quality nickel plated design
- Main body is made of brass
- 2 pcs isolation manifold with 1/4" ball valve turn (supply-red handle)
- 3/4" Pipe thread on inlet and outlet

*1/2" compression manifold adaptors and end caps are included with purchase. Brackets are not included. Compression fittings can only be used with 1/2" PEX A, B, C or 1/2" PEX-AL-PEX.

Thermostatic Actuator

- 24 Volts - Made in Italy
- Specially made to fit PEX GUY Stainless Steel Radiant Manifold

*Available with the option of 2 wired or 4 wired

Pressure Test Gauge

- 3/4" Female NPT on hex body
- Available PSI of 15, 30, 60, 100, 160, and 200
- Internals are made of brass

*Optional choice of a pressure test kit which includes 1 nipple, 1 brushing, and 1 cap.

Potable PEX Tubing

- Potable tubing can act as a supply line for drinking water
- NSF certified for potable water applications
- CSA 137.5 Certified
- Warnock Hersey Canada Certified
- Pressure ratings:
 - 79psi@200°F
 - 100psi@180°F
 - 160psi@73°F
- Rated By PPI

*** Comes with a 25 year manufacturer warranty**

Size	Lengths Available
1/2"	100ft , 300ft , 1000ft
3/4"	100ft , 300ft , 500ft
1"	150ft , 300ft

Combo Packages (Blue and Red) are available

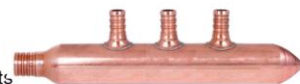

Copper Manifolds

- Branch type: 1/2" PEX ball valve barb
- Measurement between ports is 2" on center
- Lead free / no lead copper body
- For use with Radiant and Potable application
- Made in the USA

*Available from female to male, and PEX to spun closed
*Many ports are available, from 2 port to 18 port

- Sioux Chief 1/2" PEX plumbing manifold
- Measurement between ports is 2" on center
- Lead free / no lead copper body
- For use with Radiant and Potable application
- Made in the USA

*Available from male sweat to spun closed, PEX to PEX, and PEX to spun closed
*Sizes are available from 3 port to 12 port

Heat Transfer Plate

- High quality aluminum plates for 1/2" PEX tubing
- Made in USA
- *Omega heat plates are available
- *Available in 2 feet and 4 feet lengths

Bend Support

- Use to make a 90 degree turns while installing PEX tubing
- *Bend supports are available in plastic or steel

Snap-In-Clip

- High quality plastic
- Install in alternating direction to ensure secure piping
- *Available in 1/2", 3/4", and 1"

Talon Clip

- High quality plastic and nail
- Preloaded nails and tube is not damaged if nails are overdriven
- For use with any CTS pipe (copper, PEX, CPVC, PB)

*Available in 1/2", 3/4", and 1"

Cinch Ring

- Manufactured to ASTM standard F2098
- Compatible with any brand of PEX manufactured to North American standard
- Must use cinch/pinch tool
- Made from the finest material of stainless steel

*Available in 1/2", 3/4", and 1"

Brass Ball Valve

- Made of brass and is NSF certified
- Compatible with any brand of PEX manufactured to North American standard
- 200 PSI max
- 200°F (93°C) max

*Available in 1/2", 3/4", and 1"

Ball Valve Stop

- Lead free PEX stop valve/ball valves
- Made from chrome plated brass
- Compatible with all brands of PEX tubing manufactured To SDR-9 standards
- *From PEX to PEX, PEX to sweat, and PEX to female iron pipe, many sizes are also available, such as: 3/8" (outside diameter), 1/2" 5/8", 3/4", and 1". Straight and angles are optional.

Brass Fitting

Lead Free
AB 1953 Compliant

Made From High Quality LEAD FREE Brass
Variety sizes are available
